

# RIFLE

## Rapid IBIS for Linkage Examination

Expediting the notification of preliminary firearm case linkages developed through the Canadian Integrated Identification Network (CIBIN) database search.

### CAN YOU SUBMIT TO RIFLE?

Is this an agency-generated test fire(s) or cartridge case(s) from a shooting scene?

YES

Has fingerprinting and DNA swabbing been completed?

YES

Is IBIS the ONLY CFS analysis requested at this time?

YES

Are you able to submit the item(s) to CFS within 10 days of the occurrence/seizure?

YES

Are you submitting the items using the CFS streamlined packaging guidelines?

YES

NO

Unfortunately, we can't accept your submission to RIFLE. Please refer to the information sheet link on the right to review the case acceptance criteria and limitations of RIFLE.

### Why use RIFLE?

- ✓ Police clients will receive linkage results NO LATER than 15 days after submission.
- ✓ Links between scenes investigated in a timely manner.
- ✓ Police resources can be allocated more efficiently.
- ✓ Contribution to public safety.

## SUBMIT!

You can submit to RIFLE. Additional packaging information is linked on the right.
